

To: Lori Fulk, Chair of SCH Board

This notification will serve as my resignation as Treasurer and Board member from the SCH Board of Directors, and will take effect upon submission at the September 27, 2022 Board Meeting.

Though I have long served on this Board through both good, enjoyable times and some very difficult and uncomfortable times, I have been pleased to continue that service for many years.

I am no longer able nor willing to be part of a Board and new administration that has acted unethically and illegally. The events and actions since August 15, 2022, have left me with diminished trust of many and absolutely no trust in you as Board Chair or Meagan Weber as CEO. It is yours and Meagan's actions that have resulted in such loss of confidence and trust.

To me, this is a sad and regrettable situation.

I hope that you will right your own personal 'ships' or you will never be able to right the Hospital's 'ship'.

Truly,

Resignation

Do to the lack of outrage in this community over the fact that a person can lose their job over an allegation and the loss of faith in the ability of our chairperson to lead the board, I Joseph E. Doubet do hereby respectfully submit my resignation from the Board of Directors of Scotland County Memorial Hospital. 9/27/2022 10 pm

Due to the fact that I can no longer trust the Board Chairman Lori Fulk and the Scotland County Hospital administration, I, Joni Lloyd, resign my position as Board Vice Chairman and as a member of the Scotland County Hospital Board.
